

NMC Construction Group scoops two awards

NMC Construction Group shines at the 2014 the Construction World Best Projects Awards, winning the Civil Engineering Contractors category and receiving a Highly Commended Award in the Building Contractors category.

The prestigious Construction World Best Projects Award gives recognition to construction excellence across the entire construction industry. This year's awards, held on 5 November 2014 at the Royal Johannesburg Kensington Golf Club, attracted 62 entries with the NMC Construction Group taking home no less than two accolades.

SKA Meerkat: Carnarvon, Northern Cape – Winner Civils Engineering Contractors Category

The NMC Construction Group's civils division, NMC Civils, was announced the Winner of the Civils Engineering Contractors Award for its execution of the Civil works for the construction of 62 antenna foundations at the MeerKat site in Carnarvon, Northern Cape.

Boysen East London IDZ factory – Runner-up Building Contractors Category

The NMC Construction Group's building division, NMC, was awarded a Highly Commended Award in Building Contractors category. This award gives recognition to the project being a fast-tracked, high specification project involving a combination of local, national and international materials, subcontractors and expertise.
